Located a few kilometers south of the Bassin d'Arcachon and the Dune du Pilat, with 19,308 hectares, the town offers its inhabitants a pleasant quality of life with 13,000 hectares of forest and 3,200 hectares of water bodies.

Biscarrosse has 3 areas :

- Ocean beach
- Lakes
- City

An exceptional exceptionnel on the Landes coast

It is the variety of natural sites that best characterizes Biscarrosse. Ocean beaches of light and fine sand, freshwater lakes, pine forests stretching between dunes and valleys offering a unique panorama of the Lakes and the Atlantic Ocean,

You will benefit from tens of Kms of cycle tracks and paths which wind in the middle of the dune forest.

Biscarrosse Beach

With 4 kilometers of sandy beaches, bordering the ocean, and waves whose reputation is well established, we understand that water is one of the major attractions of the town.

Biscarrosse City

If you are looking for more calm, away from the summer crowds, you can stroll to sites testifying to the history of Biscarrosse over the centuries: the fortified Saint Martin church of the 14th and 15th centuries, erected in "garluche" stone typical of this part of the Landais country, the 14th century Château de Montbron, which housed an English garrison of the Prince of Wales and Prince of Aquitaine, nicknamed the Black Prince, during the occupation of Aquitaine by the English.

Biscarrosse Lake

7 km from the city center, Biscarrosse Lac is made up of residential hamlets, housing the ports of Maguide, Navarrosse and Ispes, as well as the 27-hole golf course.

Biscarrosse has lakes linked by a canal:

- Lake Biscarrosse - Cazaux - Sanguinet (North Lake) offers the joys of swimming and water sports
- Lake Biscarrosse-Parentis, Latécoère one of the rare French hydrobases, also a favorite place for fishermen

In the background stands the Landes forest, mainly made up of pines.

By walking in the forest, on the many hiking and cycling trails, we find calm and serenity, scents, a typical flora and fauna.
